Re: Request for confidentiality per 0.457 of FCC Rules

Applicant: Farpointe Data Inc.
FCC ID: T8I-COBRA

Dear Mike,

On behalf of my client Farpointe Data Inc., I request the following documents associated with this application for certification be withheld from public view:

Schematics
Block diagrams
Operational description
Internal photographs

Justification for including internal photographs in confidentiality request: In final assembly all circuits are surrounded by opaque potting material, Removing this material to inspect circuits will likely destroy circuits imbedded in the potting material.

Farpointe Data Inc. has expended considerable time and funds in developing the referenced product, and disclosure of these documents to competitors would afford them an unfair advantage in developing similar competing products.

If you have questions or need further information please don't hesitate to contact me.

Sincerely,

T.N. Cokenias
Agent for Farpointe Data Inc.
