Subject: Class 2 Permissive Change for FCC ID: TA8AKRY901515-1

To Whom It May Concern:

Ericsson AB requests a Class 2 Permissive Change for the above-mentioned FCC Identifier.

This Radio Unit (Dot 4459 B77D) hardware has not been changed. The reason for this request is to update the RF Exposure test report for this product.

A new report is submitted where the RF Exposure is evaluated using the test exemption criteria in FCC KDB 447498 D04. This new evaluation provides a more precise view of the RF Exposure.

We certify that the applicant nor any party to the application is subject to a denial of Federal benefits, that includes FCC benefits, pursuant to section 5301 of the Anti-Drug abuse Act of 1988, 21 U.S.C. Section 862.

If additional information is needed, please contact me on the below listed number.
