

Cavotec Micro-control AS

Tune-up procedure for Licensed Equipment, FCC ID: TB8MC-CD-458.

The two models MC-CD-PLL-458 and MC-CD-TRX-458 have NOT the option of tuning the output power of the radio module. The output power is hardware controlled and neither the end customer nor the project engineer that designs the end systems has the option of tuning the output power of this equipment.

Sincerely,

A handwritten signature in black ink that reads "Stian Arntsen".

Stian Arntsen,
Engineer R&D
Cavotec Micro-control AS
