RE: Change in FCC Grantee Identification Authorization Letter

Dear Benedikt,

This letter grants authorization for BARTEC to apply to the FCC for a change in identification as Specified under 47CFR2.933 of the FCC rules. This authorization applies to Motorola Solutions, Inc. MC75A6HF terminal with FCC ID: UZ7MC75A6HF issued on 28 JUN 2011

This equipment is electrically identical, the only change are the labels on the device. The original test results continue to be representative of and applicable to the changed equipment. Compliance for any future or subsequent changes or modifications of the equipment sold under the BARTEC Grantee Code (TBU) are solely the responsibility of BARTEC and are in no way part of the Motorola Inc and Symbol Technologies Inc. FCC Grant files.

The original grants to Motorola Inc and Symbol Technologies Inc. will remain in effect.

Respectfully,

A handwritten signature in cursive script that reads 'Mark S. Luksich'.
