RE: Change in FCC Grantee Identification Authorization Letter

To the Commission,

This letter grants authorization for BARTEC to apply to the FCC for a change in identification as Specified under 47CFR2.933 of the FCC rules. This authorization applies to Motorola Solutions, Inc. MC92N0 terminal with FCC ID: UZ7MC92N0 issued on 04/08/13

This equipment is electrically identical the only change are the labels on the device. The original test results continue to be representative of and applicable to the changed equipment. Any future or subsequent changes or modifications of the equipment sold under the BARTEC Grantee Codes are solely the responsibility of BARTEC and are in no way part of the Motorola Inc FCC Grant files.

The original grants to Motorola Solutions Inc. will remain in effect.

Respectfully,
