### Modular Approval Request

**FCC ID:** FCC ID TBURUBEE

**The following attestation addresses the requirements to support modular approval:**

| Modular approval requirement  | Yes (provide brief statement)  | No *  |
|---|--|---|
| (a) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly                                |  | No!<br>The transmitter has no shielding and therefore it was tested in host configuration |
| (b) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal  | YES,<br>See schematic diagram HF Reader  |   |
| (c) The module must contain power supply regulation on the module   | YES,<br>See schematic diagram HF Reader  |   |
| (d) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b) | YES! The antenna is mounted solely by the applicant and is fully installed in the host device. Any change from others than responsible party is excluded and comply with 15.203 and 15.204c. |   |

|  |  |  |
|--|--|--|
| (e) The module must demonstrate compliance in a stand-alone configuration  |  | NO!<br>The transmitter was tested in host configuration, because the RF module hasn't its own shielding. |
| (f) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements)        | YES!<br>Compliant, the module is labelled with its own FCC ID. In addition the host device is labelled with " <b>CONTAINS FCC ID TBURUBEE</b> ".   |  |
| (g) The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements | Yes!<br>The module complies with the appropriate FCC regulations as documented in the test report  |  |
| <b>Modular approval requirement</b>  | <b>Yes (provide brief statement)</b>   | <b>No *</b>  |
| (h) The module must comply with RF exposure requirements   | Yes!<br>RF Exposure/SAR on Host Device with maximum hardware mounted. The RF module is exempted from SAR, because it will be used with outstretched hands (>20cm). The RF module functionality will be triggered manually by hand. |  |

\* Please provide a detailed explanation if the answer is "No."

Yours sincerely,  
TÜV SÜD Product Service GmbH
