Correspondence Number	Memo
<p>TC2-RC07-2</p>	<p><b>1) Please provide a certification contract signed by the applicant. Response: The certification contract has been uploaded. 2) Please provide a correct FCC ID label. The provided label incorrectly has the FCC logo applied. Response: The FCC ID Label has been uploaded. 3) Please provide a test report without the test setup photos. Short term confidentiality was requested for the test setup photos, however this is not permitted if they are shown in the test report. Response: The test report has been revised. 4) Please provide an operational description that describes the types of modulation used in the device. Response: The operational description has been revised to include the modulation. 5) Please provide either a corrected user manual or an explanation regarding the additional mode mentioned in the manual that was not tested. Response: the operational description has been revised to explain this. 6) Please provide complete internal photos. Response: An additional exhibit with the extra internal photos has been uploaded 7) The short term confidentiality letter isn't completely clear regarding the release date. Please clarify whether the short term confidentiality release date is 3/2/2014. Reponse: The short term confidentiality letter has been revised and uploaded.</b></p>
