To whom it may concern,

UTC Fire and Security is submitting this application for the certification of the Model Assy, Bezel, WTI, FCC ID: TCZ-10102917G1. Authorization is sought under FCC 15.247.

The Assy, Bezel, WTI uses radio chip model ST Microelectronics SPBT2532C2.

The radio uses a meander line printed circuit board antenna and is therefore compliant with FCC 15.203.

Northwest EMC Report #SUPR0089 documents compliance of the radiated spurious emissions. Northwest EMC Report #SUPR0086 Rev 01 documents compliance of the antenna port measurements. The radio in both test reports is electrically and mechanically identical.

The device is battery powered with no provision for operation while connected directly or indirectly to the AC mains.

Sincerely,

Chadlee Hall
Technology Leader
