Applicant's declaration concerning RF Radiation Exposure

We hereby indicate that the product Bosch EXAConnect / 0 602 491 001 is considered to be a mobile transceiver.

The internal antennas used for this mobile transmitter must provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

A safety statement concerning minimum separation distances from enclosure of the Bosch EXAConnect will be integrated in the user's manual to provide end-users with transmitter operating conditions for satisfying RF exposure compliance.

The appropriate information can be drawn from the test report no. G0M20503-9334-P-15 and the accompanying calculations.
