Reviewing Engineer

Re: Request for confidentiality

Applicant: Radium, Inc.

FCC ID: TDA-FA02 under project number 3105469

To whom it may concern,

Request is hereby submitted by Radium, Inc. (DBA FreeLinc) to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifier. This request for confidentiality is made pursuant to 47 CFR 0.459 of the FCC Rules. In particular, the following sections of the application to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational and Functional Description
- Transceiver datasheets

Rationale for request for confidentiality:

Radium, Inc. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

The \$145 fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dobyns', with a large loop at the start and a trailing flourish.

Douglas Dobyns
Senior Vice President
Radium, Inc (DBA FreeLinc)
