SPECIFICATIONS

Model Name	MF280
Bluetooth Core Spec	Bluetooth Specification 3.0
Profile	HFP, 1.5-SCP
Carrier Frequency	2400 MHz to 2483.5 MHz
Modulation Method	GFSK, 1Mbps, 0.581 Gbps
Maximum Data Rate	Asynchronous : 1.15Kb/s 1.15Kb/s 1.177.1Kbps Synchronous : 1.306.0 Kbps / 1.306.9 Kbps
Bluetooth Class	Class 2
Scanning	1600 hops/sec, 11MSs Channel Space
Transmit Power	1 dBm
Coverage Range	10 Meters
Receiver Sensitivity	-89 dBm / 0.1% BER

-8-

Continuous Talk Time	4 hours
Standby Time	200 hours
Weight	10g
Dimension	18.1(W) x 5.3(H) x 8.5(SH) mm
Charging Voltage	DC 5.0 ~ 5.3 V
Charging Time	1.5 Hours
Operating Temperature	-10°C to +50°C
Storage Temperature	-20°C to +80°C
Battery	Lithium polymer 3.7V 100mAh

SAFETY AND GENERAL INFORMATION

1. Please read this guidebook carefully and follow the instructions.
2. To avoid any damage or malfunction of the unit, do not drop it from high place.
3. Keep away unit from humidity, water and any other liquid. And if the unit is exposed by water, moisture and other liquid directly, then do not operate it normally to avoid any electrical shock, explosion and damage of the unit.
4. Do not place or keep the unit near the heat sources such as direct sun light, radiator, stoves or other appliances which produce heat. It may cause explosion, degradation of performance and reduce battery life.
5. Do not modify, repair & disassemble unit or disconnection (especially battery). It may cause an explosion.
6. Do not place the heavy objects on the unit.
7. Use only supplied and approved charger.
8. Replacement or service must be done at a qualified service center or manufacturer.
9. Using this unit when unused for long period of time or during lightning storms.

[CAUTIONS] ELECTRIC SHOCK HAZARD

The battery used in this device may present a risk of fire or chemical burn if not used correctly.

FCC WARNING

This equipment may generate or use radio frequency energy. Changes or modifications to this equipment may cause harmful interference unless the modifications are expressly approved in the instruction manual. The user could lose the authority to operate the equipment if an unauthorized change or modification is made.

[NOTE] This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference by one or more of the following measures:

- Restart or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/television technician for help.

FCC RF Radiation Exposure Statement

1. This Transmitter must not be co-located or operating in conjunction with any other antennas or transmitters.
2. This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

FCC Notice

1. Operator is subject to the following two conditions :
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation of the device.

WEEE SYMBOL INFORMATION

Correct Disposal of This Product
(Waste Electrical & Electronic Equipment)
(Applicable to the European Union and other European countries with separate collection systems) This marking shown on the product or its literature, indicates that it should not be disposed with other household wastes at the end of its working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources. Household users should contact either the retailer where they purchased this product or their local government office, for details of where and how they can take this item for environmentally safe recycling. Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.
[IMPORTANT NOTE] To comply with CE mark requirements, this device may not be co-located with any other transmitter or antenna.

EU

This product is CE marked according to the provision of the R&TE Directive 1999/5/EC. CE 0676 Here by MOVION Corporation, declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC. Please note that this product uses radio frequency bands not harmonized within EU. Within the EU this product is intended to be used in Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, The Netherlands, Portugal, Spain, Sweden, United Kingdom and within EFTA in Iceland, Norway and Switzerland. Bluetooth is a trademark owned by the Bluetooth SIG, Inc.

WARRANTY

- The conditions of this warranty and our responsibilities under this warranty are as follows:
Supplier's warranty is non-transferable. And this warranty is limited to the original purchaser only.
- You must be able to prove the date of original purchase of the unit with a dated receipt.
 - The warranty is not applicable if the product has been subject to physical abuse, improper installation, modification or repair by unauthorized third party.
 - The responsibility of supplier's products shall be limited to the repair or replacement of the product at its sole discretion.
 - Specifically exempt from any warranty are limited-life consumable components subject to normal wear and tear such as batteries, decoders and other accessories.
 - A supplier will not take any responsibility if the failure of the unit has resulted from accident, abuse, misuse or any unauthorized repair, modification or disassembly.
 - Modification and repair of the unit should be done by authorized and qualified service personnel, center or returned to the manufacturer.
 - This warranty gives you specific legal rights and you may also have other rights which vary under local laws.
