RE: FCC and Industry Canada Review
IC ID: 5945A-WCB33 / FCC ID: TE4WCB33

(MC # BSTR25)

After an initial review of the submitted information, I have a few comments on the above referenced application. Depending on your responses, kindly understand there may be additional comments. [Additionally, if some of the issues / concerns below are not clear, please do not hesitate to email me for clarification.](#)

1) Please confirm applicant address.

229 Ballardvale Street, Suite 5 is listed with the FCC.
299 Ballardvale Street, Suite 5 is listed with Industry Canada.

Please confirm address, and provide authorization to change with applicable agency, or provide confirmation once address has been changed with appropriate agency.

Our correct address is 299 Ballardvale Street, Suite 5.

3) Schematics do not include schematics for the radio. Please provide detail.

Device uses radio module WT21A; Transmitter Module FCC ID: QQQWT21A; Schematics are available via this application.

4) Operational Description does not provide any details on the radio operations. Please provide detail.

Operational description reviewed; OK

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Except as described in §0.459, correspondence and responses should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued unless a request for confidentiality per Section 0.457 has been made for that particular exhibit.

Please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
