

TP-LINK

TP-LINK TECHNOLOGIES CO., LTD.

Subject: Announcement

Applicant: TP-Link Technologies Co., Ltd.

EUT: 54M Wireless ADSL2+ Router

Model: TD-W8910G

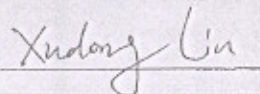

Brand: TP-Link

We would like to have a class change II on FCC ID TE7WN56XG, originally granted on dated April 28,2006.

The major change filed under this application is: adding this antenna to 54M Wireless ADSL2+ Router which designed to provide a ADSL Internet connection for a private Ethernet or 802.11g/802.11b wireless network.

Now we announce that the product have no change for using the module in all status. The necessary test data were performed in the new test report. Please review.

Sincerely yours.

TP-Link Technologies Co., Ltd.
