WX-21 User's Manual

WX-21 is a wireless sensor which records the measurement data until the data is successfully sent to its host device. WX-21 operates on 2 AA alkaline batteries or from a low voltage external power source.

WX-21 is to be mounted on the side of a wall, clear of obstruction, where it can make accurate measurement.

Installation

Pull the plastic cover from the base plate. Mount the base plate onto the wall.. Install 2 AA alkaline batteries to the battery holder or insert the external power source wires into J4. Wait for WX-21 to communicate with the host. Install the cover back onto the base plate.

WX-21

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However,

there is no guarantee that interference will occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
-

Caution: This equipment is authorized for use under the United States Federal Communication Commission Rules and Regulations, Code of Federal Regulations Chapter 47 part 15 and must be installed in accordance with the instructions provided in this document. Failure to install or operate this equipment as instructed in this document could void the user's authority to operate the equipment. This equipment contains no user serviceable parts. Any modification or repairs to the internal components or to the antenna configuration of the equipment without the express written consent of Everex Communications, Inc. could void the user's authority to operate the equipment.
