

Modular Approval Request Letter

Dear Sir,

There's an Contactless card reader that would like to have your authorization as a modular approval. The specific product as below, Contactless card reader, with its designed features and specified description, meets special requirements for full modular approval on FCC Part 15.212 by cross-reference list below.

Company	Uniform Industrial Corp.
Model Name	Contactless Card Reader
Model Number	UIC680LTV
FCC ID	TFJ680LTV

Requirement of FCC Part 15.212	Reference to UIC680LTV
1. The modular transmitter must have its own RF shielding.	The module has its own RF shielding.
2. The modular transmitter must have buffered modulation/data inputs.	The modular has buffered data inputs, it is integrated in chip.
3. The modular transmitter must have its own power supply regulation.	The module has its own power supply regulation.
4. The modular transmitter must comply with the antenna requirements of Section 15.203 and 15.204(c).	The UIC680LTV meets the FCC antenna requirements. It has a permanently attached antenna.
5. The modular transmitter must be tested in a stand-alone configuration, i.e., the module must not be inside another device during testing.	The UIC680LTV was tested in a stand-alone configuration.
6. The modular transmitter must be labeled with its own FCC ID number, and, if the FCC ID is not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display a label referring to the enclosed module.	The module has its own FCC ID number. In user manual, there is warning statement to inform the customer must display a label "Contains Transmitter Module FCC ID: TFJ682LT1" in enclosed module.
7. The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements. A copy of these instructions must be included in the application for equipment authorization.	The UIC680LTV is compliant with all applicable FCC rules.
8. The modular transmitter must comply with any applicable RF exposure requirements. For example, FCC Rules in Sections 2.1091, 2.1093 and specific Sections of Part 15, including 15.319(i), 15.407(f), 15.253(f) and 15.255(g), require that Unlicensed PCS, UNII and millimeter wave devices perform routine environmental evaluation for RF Exposure to demonstrate compliance. In addition, spread spectrum transmitters operating under Section 15.247 are required to address RF Exposure compliance in accordance with Section 15.247(b)(4).	The UIC680LTV complies with applicable RF exposure requirements.
