

## Mobile POS Tablet

### nPOS Junior

This device complies with part 15 of the FCC Rules. Operation is subject to the condition that this device does not cause harmful interference (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC ID:TFJNPOSJUNIOR

Specific absorption rate (SAR):

This PocketBook Color meets the government's requirements for exposure to radio waves. The guidelines are based on standards developed by independent scientific organizations through periodic and thorough evaluation of scientific studies. The standards include a margin of safety designed to ensure the safety of all people regardless of their age or health.

The FCC Statement of Exposure to RF and the SAR limit for the United States (FCC) is 1.6 W/kg average for each gram of tissue.

This device was tested for typical operations of use on the body, with the back of the phone at 0 mm from the body. To maintain compliance with FCC RF exposure requirements, use accessories that maintain a distance of 0 mm between the user's body and the back of the phone. The use of belt clips, covers and similar accessories must not contain metallic components in their assembly. The use of accessories that do not meet these requirements may not meet FCC RF exposure requirements and should be avoided.

Functioning in the body

This device was tested for typical operations of use in the body. To comply with RF exposure requirements, a minimum separation distance of 0mm must be maintained between the user's body and the telephone, including the antenna. Third-party accessories such as belt clips, covers and similar accessories used with this device should not contain metallic components, accessories that do not meet these RF exposure requirements and should be avoided from use on the body. Use only the supplied antenna or an approved antenna.

## Specification

Dimensions	257.9*173.3*25.6mm
CPU	Z8350
Display	10.1" 1280*800, IPS
TP	Capacitive 10 Points, >=6H
Memory	LPDDR3 4GB
EMMC	64GB
Rear Camera	>=2M
Battery	>=26.6Wh
Wifi	>2.4G 2.4GH/5GHz, 802.11a/b/g/n/ac
Bluetooth	BT >= 4.2
Speaker	*1
Microphone	*1
USB OUTPUT	>=5V/1A
Adapter	5V/4A
Drop test	60cm drop pass on concrete floor

<b>OS</b>	Windows 10 IOT/Windows 10 Pro 64bit (Default)
<b>ESD</b>	System – 4KV contact / 8KV air;  Payment reader – 8KV contact / 15KV air

<b>Installation guide</b>	
<b>1</b>	Take tablet out of box
<b>2</b>	Press the power button to turn on your tablet.
<b>3.</b>	Windows starts and guides you through the setup process. During setup you'll connect to a wireless network and choose a language, color scheme, and name for your tablet.

<b>Basic operation</b>	
<b>Lock screen</b>	
When you wake your tablet, the battery status appears in the lower-right corner of the lock screen	
<b>Desktop taskbar</b>	
On the desktop, select the battery status icon on the right side of the taskbar. The battery status pane shows the charging level for both batteries.	
<b>Off or shut down</b>	
Go to Start , and select Power > Shut down.	
<b>Restart</b>	
Go to Start , and select Power > Restart.	
<b>Touchscreen</b>	
You can use your fingers on the touchscreen just as you would on a smartphone. For example, drag your finger across the screen to scroll. There's also a built-in on-screen keyboard you can use.	
<b>Go to Start</b>	
Select Start in the taskbar or press the Start key on your keyboard to open the Start menu.	
In the lower-left corner, you'll find quick links to File Explorer, Settings, Power (shut down, sleep, and restart), and All apps.	
The apps you've used most often appear at the upper left.	
Your name and profile picture appear at the top left. Select them to change your account settings, lock the screen, or sign out.	
<b>Action center</b>	
Swipe in from the right edge of the screen or select Action center in the	

taskbar to open the Action center.
