Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046

Gentlemen:

MaxID respectfully requests confidentiality of certain materials provided with the submission of the iDL750 under FCC ID: TFT-IDL750 in accordance with FCC Regulations 0.457(d) and 47 CFR 0.459

The confidentiality request applies to the following exhibits:

11-0024 - Schematics.pdf
11-0024 - System Block Diagram.pdf
11-0024 - Theory of Operation.pdf

Pursuant to DA 04-1705 of the Commission's public notice, MaxID also requests short-term confidentiality for the following exhibits:

11-0024 - Internal Photos.pdf
11-0024 - External Photos.pdf
11-0024 - Manual.pdf
11-0024 - Test Setup Photos.pdf
11-0024 - SAR Report 1 of 2 - Appendix D-E.pdf
11-0024 - SAR Report 2 of 2 - Appendix E-F.pdf

MaxID has requested short term confidentiality of specific sections in the SAR reports because they contain internal and test setup photos of the device. These sections have been submitted in two separate files, as listed above.

If prior to 45 days the product goes to market, MaxID will inform the commission so that the short-term confidentiality exhibits can be released to the public record.

The iDL750 has been developed at considerable effort and expense by MaxID. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

Name: Steve Bowen

Signature:

A handwritten signature in black ink, appearing to be "Steve Bowen", written over a horizontal line.
