Gentlemen:

MaxID respectfully requests confidentiality of certain materials provided with the submission of the iDLMax under FCC ID: TFT-IDLMAX01 in accordance with FCC Regulations 0.459. The confidentiality request applies to the following exhibits:

09-0001 – Schematics.pdf
09-0001 – System Block Diagram.pdf
09-0001 – Theory of Operation.pdf

Pursuant to DA 04-1705 of the Commission's public notice, MaxID also requests short-term confidentiality for the following exhibits:

09-0001 – External Photos.pdf
09-0001 – Internal Photos.pdf
09-0001 – Manual.pdf
09-0001 – Test Set up Photos.pdf

If prior to 45 days the product goes to market, MaxID will inform the commission so that the short-term confidentiality exhibits can be released to the public record.

The iDLMax has been developed at considerable effort and expense by MaxID. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,
