Re: FCC ID: TFT-IDLMAX01

To Whom It May Concern:

This letter is to respond to a TCB inquiry regarding use of USB and mini-USB ports on the iDLMax FCC ID: TFT-IDLMAX01. The USB ports are for service and diagnostic purposes, only accessible to authorized personnel. These ports are disabled for normal end use.

Information provided in the user guide with regard to the USB ports is for future applications. At which time these ports are made available to the end user, the iDLMax will be re-evaluated and additional equipment authorizations applied if necessary.

Sincerely,

A handwritten signature in black ink, consisting of a series of loops and a horizontal line extending to the right.

Steve Bowen

Director of Product Development
