Re: FCC ID: TFT-IDLMAX01

To Whom It May Concern:

The following application is submitted on behalf of our client, MaxID, for evaluation of their model iDL500 for a Class 2 Permissive Change under FCC Part 15.225.

The purpose for this reassessment is the addition of modular approved GSM/CDMA modem UC864-G, FCC ID: RI7UC864G in the iDLMax host. The UC864-G modem module replaces the existing model G24EDGE, FCC ID: IHDT56FV2 modem module in the original certified host.

The device was evaluated for radiated inter-modulation products with all simultaneous transmitters operating and found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
