Gentlemen:

MaxID respectfully requests confidentiality of certain materials provided with the submission of the iDL300 under FCC ID: TFT-W2CBW003 in accordance with FCC Regulations 0.457(d) and 47 CFR 0.459. The short-term confidentiality request applies to the following exhibits:

11-0217 – Radiated Emissions Test Setup Photos.pdf
11-0217 – Internal Photos.pdf
MaxID iDL300 WWAN SAR DUT Test Setup Photos FCC.pdf
MaxID iDL300 WWAN SAR DUT External Photos FCC.pdf
MaxID iDL300 WWAN SAR DUT Internal Photos FCC.pdf

Short-term confidentiality of the Internal, External, and Test Setup Photos is being requested because this device is not yet available to the public, and MaxID Corp wishes to keep these photos confidential until the product starts production.

The iDL300 has been developed at considerable effort and expense by MaxID. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

Name: Steve Bowen

Signature:

A handwritten signature in black ink, appearing to be "S. Bowen", written over a horizontal line.
