7435 Oakland Mills Road
Columbia, MD 21046

Gentlemen:

MaxID respectfully requests confidentiality of certain materials provided with the submission of the Bluetooth module under FCC ID: TFTWT12 in accordance with FCC Regulations 0.457(d) and 47 CFR 0.459.

Pursuant to DA 04-1705 of the Commission's public notice, MaxID requests short-term confidentiality for the following exhibits:

11-0024 – BT Internal Photos.pdf
11-0024 - Test Setup Photos.pdf

If prior to 45 days the product goes to market, MaxID will inform the commission so that the short-term confidentiality exhibits can be released to the public record.

The iDL750 has been developed at considerable effort and expense by MaxID. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

Name: Steve Bowen
