

NORTHWEST EMC, INC.

22975 NW Evergreen Parkway, Suite 400
Hillsboro, OR 97124

July 20, 2005

Dear Application Examiner:

On behalf of Veris Industries, LLC, Northwest EMC, Inc. is submitting this application for the certification of Veris's Temperature/rH transmitter, FCC ID: TFZTEMP-RH1. It operates at 418 MHz with OOK modulation. The device is housed in a plastic enclosure. It is battery operated with no provision for connection to the AC mains either directly, or indirectly from another device.

The radio utilizes a single integral PCB mounted antenna. This configuration satisfies the requirements of 47 CFR 15.203.

The corresponding receiver has been verified to FCC 15B.

The technical reports and exhibits demonstrate compliance with FCC rules 47 CFR 15.231. The field strength of the fundamental and spurious radiated emissions were tested to the requirements of 15.231(e) and 15.205

Your efforts in reviewing this application are greatly appreciated.

Best regards,

Northwest EMC, Inc.
