FCC COMPLIANCE & INDUSTRY CANADA STATEMENT

This device complies with Part 15 of the FCC Rules. This device complies with Canadian Industry Canada (IC) RSS standards. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Plug the equipment into an outlet on a circuit different from that which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- SAR Evaluation: This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

ISED CAUTION: RSS - GEN (ISSUE 4 NOVEMBER 2014) This device complies with the Canadian Interference-causing Equipment (CIC) Class B limits. This device complies with Innovation, Science and Economic Development Canada licence-exempt RSS standards (s).

Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

ISED SAR Evaluation: This device is compliance with RF exposure guidelines, user can obtain Canadian Interference-causing Equipment (CIC) Class B limits.

WARRANTY - AUSTRALIA
(ONE YEAR LIMITED WARRANTY)

We or us means Homedics Australia Pty Ltd ACN 31 103 985 717 and our contact details are set out at the end of this warranty. You must make the purchase of the original end-user of the Goods. You may be a domestic user or a professional user. Supplier means the authorized distributor or retailer of the Goods that sold you the Goods in Australia and New Zealand, and Goods means the product or equipment which was accompanied by a warranty and purchased in Australia and New Zealand.

For Australia:
Our Goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled, subject to the provisions of the Australian Consumer Law, to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled, subject to the provisions of the Australian Consumer Law, to have the Goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. This is not a complete statement of your legal rights as a consumer.

For New Zealand:
Our Goods come with guarantees that cannot be excluded under the Consumer Guarantees Act 1993. Our Guarantees apply in addition to the conditions and guarantees implied by that legislation.

The Warranty
Homedics Ltd's products with the intent that they are free of defects in manufacture and workmanship under normal use and service. In the unlikely event that your HoMedics product proves to be faulty within 1 year from the date JAM receives the product, we will replace it at our own expense, subject to the terms and conditions of this guarantee. The warranty period is limited to 3 months from the date of purchase for products used commercially/professionally.

Terms and Conditions:
In addition to the rights and remedies that you have under the Australian Consumer Law, Consumer Guarantees Act of New Zealand or any other applicable law and without excluding such rights and remedies warranty against defects:

1. The Goods are designed to withstand the rigors of normal household use and are manufactured to the highest standards using the highest quality components. Whilst unlikely, if during the first 12 months (3 months commercial use) from their date of purchase from the Supplier (Warranty Period), the Goods are defective or require repair, replacement or none of the above, and none of your statutory rights or remedies apply, we will replace the Goods, subject to the terms and conditions of this warranty.
2. We do not have to replace the Goods under this Additional Warranty if the Goods have been damaged due to misuse or abuse, accident, the attachment of any unauthorised accessory, alteration to the product, improper installation, unauthorised repairs or modifications, improper use of electrical/power supply.
3. ISED CAUTION: RSS - GEN (ISSUE 4 NOVEMBER 2014) This device complies with the Canadian Interference-causing Equipment (CIC) Class B limits. This device complies with Innovation, Science and Economic Development Canada licence-exempt RSS standards (s).

Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

ISED SAR Evaluation: This device is compliance with RF exposure guidelines, user can obtain Canadian Interference-causing Equipment (CIC) Class B limits.
