Subject: Confidentiality the EUT internal photos

To Whom it may concern:

We, as the grantee of this project **FCC ID: TH9P412** , pursuant to 47 CRF 0.459, Orange requests that a part of the subject application be held confidential. This comprises Exhibits:

Schematics, Internal Photos (DUT is potted)

The reason as belows showed:

- A. Attest to one of the 4 confidentiality policies as applicable:
 - 1) Internal photos of a consumer device may be held confidential when the circuit board is enclosed in epoxy or in a material that would destroy the circuit board if removed.
- B. Orange has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.
