Jackie;

What we want is a FCC and CE qualification for the plusID 60 and plusID 90. We will submit the plusID 75 at a later date for FCC/CE qual.

The plusID 60 is CDID01

The plusID 90 is CDID02

The enclosed owners manual is valid for the plusID 60 and plusID 90.

Also enclosed is the theory of operation for the the plusID 60 and plusID 90

And yes I am verifying that confidentiality was not needed

Regards;

Michael Cherniawski
