7435 Oakland Mills Road
Columbia MD 21046

RE: CONFIDENTIALITY REQUEST FOR R5000-L-4.9, FCC ID TIG R5000-L-49

To Whom It May Concern:

This letter serves as an official request for confidentiality under FCC Rule Section 0.459. We have requested that the operational/technical description, schematic diagrams, and block diagrams submitted with this application be withheld from public review. These items are held as proprietary and company confidential by the manufacturer, and are not supplied as part of customer documentation.

Additionally, radios as supplied are sealed units and do not contain any user-serviceable components. Opening of these radio units by a using organization invalidates FCC certification.

Please contact me if there is any information you may need.

Sincerely,

Gary Weber
Vice President
CONTINENTAL WIRELESS, INC.
