RE: Application for FCC Certification – Confidentiality Request

On behalf of Brayden Automation, we would request that all schematics and the associated text descriptions related to the theory of operation submitted, be withheld from public disclosure pursuant to Section 0.459 of the FCC rules. This request is made under the provisions of Section 0.457 (d) of the Commission's Rules and Section 552(b)(4) of the Freedom of Information Act. These sections authorize a withholding from public inspection materials which would be privileged as a matter of law if retained by the person submitting them and materials which would not customarily be released to the public by that person.

If you have any questions, please contact me at (949) 589-0700. Thank you.

Sincerely,

Joey Madlangbayan  
Test Engineer
