

Thank you for purchasing the Bluetooth Headset BTK-A51, we hope you will enjoy all its benefits. Please read this user's guide to get start, and to make the best usage of the headset's many features.

Driving safety

1. Keeping your eyes on the road, driving is your foremost responsibility.
2. Obey traffic laws at all times: Make sure that using a Bluetooth wireless headset while driving is permitted by your local law.

BEFORE USING YOUR HEADSET

Checking phone compatibility

Your headset is compatible with most Bluetooth mobile phones that are compliant with Bluetooth version V2.1 + EDR and support the headset and/or hands-free profile(s). Ensure that your phone has Bluetooth capability by visiting your phone manufacturer's web site.

Your headset overview

K1 Button: Turn on/ Turn off/ Pairing/ Answer/ End/ Voice Dial/ Reject/ Transferring a call

K2 Button: Increase Volume

K3 Button: Decrease Volume/ Redial

Checking the accessories

Make sure that you have the following items with your headset: USB charging cable, Manual, Ear-hook.

Charging the headset

Your headset uses a rechargeable battery. You must charge the battery fully before using the headset for the first time.

- 1 -

1. Plug the USB Charging cable into a USB socket of PC.
2. Connect the USB Charging cable with headset as shown on the picture. The red indicator of headset will turn on when charging.
3. When the battery is fully charged, the red indicator will change to blue.

- 1) When the headset is low battery, the headset will flash red.
- 2) The headset will be fully charged in approximately 1-2 hours
- 3) Remove the USB Charging cable from the USB socket.

WARNING: Do not attempt to charge the headset with anything other than the USB Charging cable provided. Using unauthorized USB Charging cable may damage the headset.

IMPORTANT: The headset cannot be used while charging.

BASIC OPERATIONS

Turning the headset on/off

1. To turn the headset on
Press and hold K1 Button for about 3 seconds, the blue indicator of the headset will flash 3 times rapidly. The headset is now turned on.
2. To turn the headset off
Press and hold K1 Button for about 3 seconds, the red indicator of the headset will flash red 3 times rapidly. The headset will be turned off.
3. When the blue indicator flashes red during standby mode, it means the headset is on low battery, please charge the headset.

Pairing

Before using your headset for the first time, you must pair it with your Bluetooth enabled phone.

- 2 -

1. Ensure that the headset is off (see "To turn the headset off" section). And the mobile phone Bluetooth setting is activated.
2. Press and hold the K1 Button for about 4 seconds until the indicator light alternately flashes blue and red. your headset is under pairing mode.
Your BTK-A51 Bluetooth headset adopts Proximity Pairing Technology to simplify the Bluetooth setup process. For more details, please kindly check (Xa) item.
- 3(a). Once your headset is under pairing mode, it will search the nearest Bluetooth devices, like your Bluetooth mobile phone automatically.
- 4(a). Your Bluetooth mobile phone will indicate "BTK-A51" headset and ask if you want to pair with it. Confirm this by pressing the "Yes" or "OK" key.
- 5(a). Enter a passkey or PIN code "0000" (4 zeros), then press the "Yes" or "OK" key. Once the blue indicator flashes twice instead of blue and red indicator flashing, your headset has been connected with your Bluetooth mobile phone.

Note: If the Bluetooth version of your Bluetooth mobile phone is V2.1, you will not need to enter a Passkey (Pin code) during above pairing process.

You can also pair our BTK-A51 headset with your Bluetooth mobile phone in the normal way, for more details please kindly check (Xb) item:

- 3(b). Set your Bluetooth phone to discover the headset by following your phone's guide. Typically, the steps involve going to a "Setup", "Connect", or "Bluetooth" menu on your phone and then selecting the option to discover Bluetooth devices.
- 4(b). Your phone will find the "BTK-A51" headset and ask if you want to pair with it. Confirm this by pressing the "Yes" or "OK" key.
- 5(b). Enter a passkey or PIN code "0000" (4 zeros), then press the "Yes" or "OK" key. Once the blue indicator flashes twice instead of blue and red indicator flashing, your headset has been connected with your Bluetooth mobile phone.

Wearing the headset

Wear the headset on your ear. In general, you will get better performance when there are no obstructions (including parts of your body) between the headset and the phone. Depending on which ear you are going to wear the headset, simply adjust the ear-hook accordingly.

- 3 -

Making a call

Using the phone's keypad

1. Dial number on the keypad or select the contact name from the contact list of your mobile phone.
