BTK-721 Bluetooth Headset User Manual

Button 2   Button 1   Button 3

BASIC OPERATIONS

Power on/off the headset

1. Power on
Press Button 1 for 3 seconds, the indicator of the headset will flash blue for 1 second, followed by a voice "Power on".

2. Power off
Press Button 1 for 2 seconds, the indicator of the headset will flash red for 1 second, followed by a voice "Power off".

3. When the indicator flashes red in standby mode, it indicates that the headset is in low battery and a voice "Battery Low" will come out, please charge the headset. During charge, the indicator of the headset will become red; and when the battery is full, the indicator of the headset will become blue.

Pairing

The Bluetooth headset will not work until it is paired and connected with phones.

1. Power off the headset (*see "Power off"* section), and enable Bluetooth in "Setting" in your phone.

2. Press Button 1 for 5 seconds, the indicator light will flash blue and red alternately, followed by a voice "Pairing".

3. Follow the guide of your phone to search Bluetooth. Generally, you need to go to 'Setup', 'Connect', or 'Bluetooth' menu on your mobile phone, and select the option to search Bluetooth devices.

4. Bluetooth headset "BTK-721" will be found, and you will be inquired if you want to pair with it. Permit it by click the "Yes" or "OK" key.

5. Enter p assword or PIN code "0000" (4 zeros), and click the "Y es" or "OK" key. When the indic ator flashes blue twice, the headset is connected with mobile phone successfully.

IMPORTANT: If the headset cannot be p aired within 90 seconds while it is in pairing mode, it is failed to pair. Please re-do Step 1 to Step 5 to pair the headset again.

Connect the Headset with Two Mobile Phones (Multipoint connecting)

BTK-721 supports Multipoint connection: to connect with two mobile phones simultaneously.
1. Follow the steps in "Pairing" section to connect the headset with the first mobile phone.
2. Power off the headset.
3. Re-do the steps in "Pairing" section to connect with the second mobile phone.
4. Go into the first mobile phone's menu, Bluetooth section, and click "BTK-721" to connect with the first mobile phone.
