

ATTESTATION LETTER

Apr. 24th, 2008

Federal Communications Commission
Authorization and Evaluation Division

Dear Regulatory Authority,

We, the undersigned, hereby declare that the USB port of A1 Handsfree Kit does not support data transfer via the Bluetooth connection. The USB port is used for charging and firmware upgrading purposes only.

When A1 is connected to USB port for charging, the Bluetooth link will be disconnected. To upgrade firmware, the A1 device has to be put into firmware upgrade mode first and this is done by pressing the volume down (-) button and then plugging in the USB.

Sincerely Yours,

A handwritten signature in black ink, appearing to read "Choi Kwang Ho", is written over a light blue rectangular background.
