Declaration Letter

FCC ID: TK4-10-WLE200NX   Data: May 31, 2016

TO: Federal Communication Commission

We Compex Systems Pte Ltd declared that this device is intended for the notebook / PC host platforms only and can't be installed in the wireless router / access point. This device just acts as a slave device role and the integrators/other third party can't install this device in the master platforms. Please download the device driver form the official website http://www.compex.com.sg/ and it (special form) restricts the device's function. Any changes or modification to this device by OEMs, integrators or other third parties will void authorization to operate this device.

Sincerely,

Name: Yaw Thiam Teng
