Declaration concerning Antenna Specification

Dear Sirs:

It is hereby declared that the product:

LAKE Sigma / Graphite Networks Connection Central

meets FCC test requirements relating to antenna type.

The product has three internal antennas, as follows:

No	Description	Type	Gain	Frequency Range
1	UPCS Horizontal	PIFA	-3 dBi	1920 to 1930 MHz
2	UPCS Vertical	PIFA	-3 dBi	1920 to 1930 MHz
3	WLAN	Monopole	-3 dBi	2412 to 2462 MHz

All three antennas are internal to the equipment and no external antenna terminations or connections are provided.

No other antennas should be used with *LAKE Sigma / Graphite Networks Connection Central* product.

Yours sincerely
For LAKE Communications Ltd

David Balloch
Engineering Manager
