- 3 : Open the SAM plastic door
- 4 : unlock the SAM holder
- 5 : insert / remove the SAM
- 6 : close and lock the SAM holder
- 7 : close the plastic door.

**Warning**

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

**Repairs**

Repairs should only be performed by qualified technicians only. During warranty period, the product should be returned to id3 semiconductors official distributor for repair purpose. Warranty voids if the product is not properly used or if installation instructions are not respected.

**Waste of Electric & Electronic Equipments :**

**As an Electronic Equipment, Biohentic**  
should not be thrown into a waste container !  
European Directive 2002/96/EC  
Orders to have EEE recycled.  
In order to have this product recycled,  
please contact your Biohentic distributor.

**EC DECLARATION OF CONFORMITY**

We id3 Semiconductors  
5 rue de la Verrerie  
F-38120 Le Fontanil Cornillon  
FRANCE

Declare under sole responsibility that the 08G352A Biohentic fingerprint and smart card reader meets the intent of the European directives.

Compliance was demonstrated to the following specifications as listed in the Official Journal of the European Communities:

EMC Directive 89/336/EEC

EN55022 Class B (1998)

IEC 61000-4-2 - 1996+A1(1998)+A2(2001)

IEC 61000-4-3 - 1996+A1(1998)+A2(2001)

Security Directive 73/23/EEC

IEC60950-1:2001

**FCC COMPLIANCE**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses

and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
