### Compliance Label (FOR ALL UNITS):

This device complies with FCC Part 15.  
Operation is subject to 2 conditions: (1)  
This device may not cause harmful inter-  
ference, and (2) this device must accept  
interference received, including interfe-  
rence that may cause undesired operation.

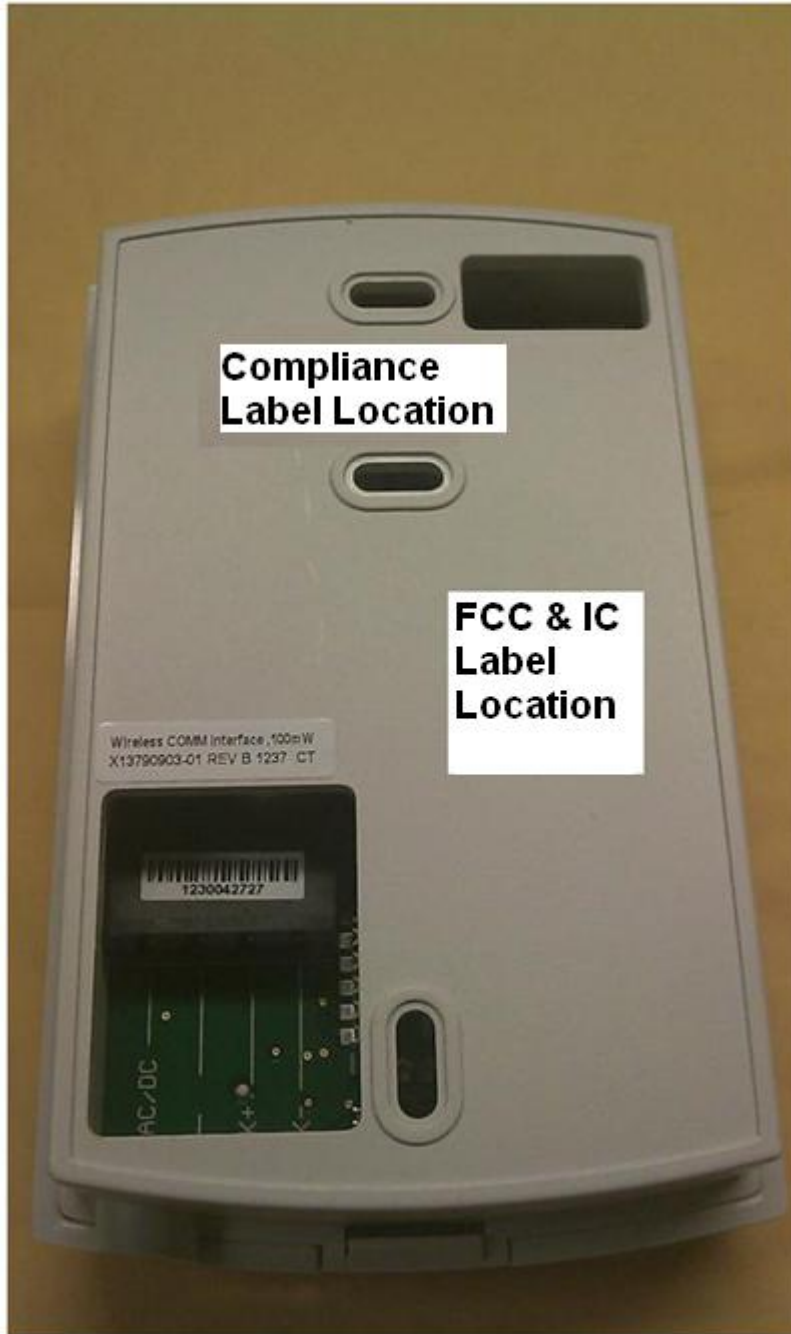

PCBA label location:

All WCI's have the same PCBA. The FCC/IC ID label is applied on the RF shield of the radio module.

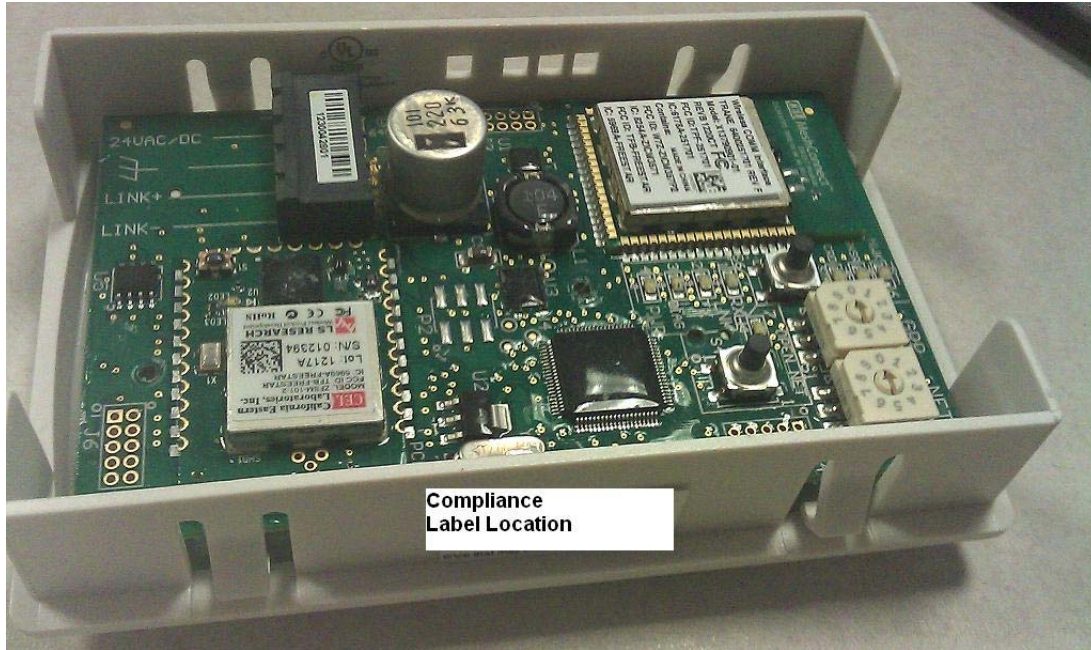

X13790901-01 and X13790903-01 label locations:

These WCI models have a removable backplate. So in addition to the the label applied to the PCBA, a 2<sup>nd</sup> FCC/IC ID label and a Compliance label are applied to the backplate so the information is visible from the outside of the product. As a result, the FCC ID and IC ID is available to the customer whether the backplate is removed or not.

X13790902-01 and X13790904-01 label locations:

This WCI model does not have a removable backplate. The compliance label is attached to the outside of the plastic, so the FCC/IC ID label and compliance label are visible from the outside of the product.

X13790941-01 label location:

This WCI model has a removable front cover. A 2<sup>nd</sup> FCC/IC ID label is applied to the back, as well as a compliance label so both the FCC/IC ID label and compliance label are visible from the outside of the product.
