

Sep 1, 2006

Client : Jazz Hipster Corporation

FCC ID: TQYRSMS5501WA00

1) The label does not appear to show the location the label will be placed on the device. Please update.

[Ans: Pls see the location of label-revised. pdf. Total are three files on the website.](#)

2) Users manual appears to be missing general digital device information requirements of 15.105(b). However a complete manual was not provided, so this information may be shown elsewhere on a page that was not provided. Can a complete manual be provided, or at least to show the missing information from 15.105(b). If necessary, please update.

3) The users manual mentions that a device not for outdoor use should be marked or an appropriate warning placed in the manual. However the manual still does not clearly explain that this particular device may not be used outdoors. Please update the manual.

[Ans:Pls see the latest users manual – revised.pdf](#)

4) Most applications include a cover letter requesting confidentiality on the block diagram and schematic. Please note that this application does not include any request for confidentiality. Please provide an appropriate letter requesting confidentiality or confirm that confidentiality is not requested.

[Ans:Pls see Authority & confidentiality letter.](#)

5) Schematic have still not been provided. Note that a schematic for the TX portion of the device is required as specified 2.1033(b)(5) for the RF section. Please provide.

[Ans: I just added two files of Circuit Diagram.](#)

6) FYI....In the future, please list frequency range of Part 15 devices by actual channel frequencies.

[Ans: Thanks for your information.](#)

7) Peak excursion measurement settings do not appear to follow FCC stipulated methods provided in the public notice provided. Please review. Additionally, please ensure other methods are followed for tests given in this document. In the future, it is best to describe which methods were followed for which tests from this document.

[Ans: Pls see FCC report-revised.pdf](#)
