Newberry, FL 32669

**SUBJECT:           SENDUM WIRELESS CORPORATION**  
**FCC ID: TS5-6055M-ET300**  
**Class II Permissive Change**  
**FCC Part 24 Subpart E**  
**PCT - PCS Licensed Transmitter worn on body**

On behalf of Sendum Wireless Corporation is a Class II Permissive Change application to the originally certified device under Part 24 Subpart E of the FCC Rules.

Please refer to the applicant's Description of Changes exhibit for a complete description of the changes applied.

Submitted within this application is the TCB Form 731, applicant's agency authorization letter, applicant's long-term confidentiality request letter, applicant's description of changes letter, applicant's permissive change attestation letter, FCC Part 22/24 measurement report (ERP/EIRP and radiated spurious emissions), Justification for SAR Exclusion RF exposure exhibit, internal and external device photographs, block diagram (confidential), schematic diagrams (confidential), circuit description (confidential) and parts list (confidential).

Please note there is a KDB inquiry associated with this application (FCC KDB Inquiry Tracking No. 174248).

If you have any questions or comments concerning the above, please contact the undersigned.

Sincerely,

Jonathan Hughes  
Project Manager
