**RE: Sendum Wireless Corp. FCC ID: TS5-OM500A**

This is an application for a new certification of Semdum Wireless Corp., FCC ID: **TS5-OM500A**, Model: **OM500A**. The device is identical to the OM500, FCC ID: TS5-WP76-OM500 with the exception that the LTE module model WP76A has been replaced with model WP76C. All other transmitters and circuitry remain the same. The OM500A contains the following modules:

FCC ID: XF6-RS9113SB  
Manufacturer: Redpine Signal, Inc.  
HVIN: RS9113SB  
Test Report Number: 19660127 001  
Test Report Date: 08.12.2014  
Test Lab: TÜVRheinland

And

FCC ID: N7NWP76C  
Manufacturer: Sierra Wireless Inc.  
HVIN: WP76C  
Test Report Number: B17W00381-FCC-RF  
Test Report Date: Jun, 28, 2017  
Test Lab: Chongqing Institute of Telecommunications

Verification of output power, bandwidth and spurious emissions have been evaluated in accordance with FCC Part 24 Subpart E, Part 22 Subpart H, Part 27 and Part 15 Subpart C. Module test data from the above indicated test reports may be cited in this application. Although the LTE and WiFi transmitters do not simultaneously transmit, the transmitter collocation and simultaneous transmission EMI of the OM500A has been addressed and complies with 47 CFR 15§31(k) and 2§947(f). The RF Exposure has been addressed and complies with FCC KDB 447498 D01v06r02. Should there be any questions or concerns with this filing, please feel free to contact me.

Sincerely,

Art Voss, P.Eng.
