RE: DFS Master Declaration Letter
Applicant: Exalt Communications Inc.
FCC ID: TTM-105P25T

This letter is to ascertain that the device;

1. Will not transmit on channels which overlap the 5600 – 5650 MHz band.
2. Meet all of the other requirements specified in Section 15.407, and it is prohibited to include configuration controls (e.g. country code settings or other options to modify DFS functions) to change the frequency of operations to any frequency other than those specified on the grant of certification for US operation.

Should you have any question, pls. contact us.

Sincerely,

A handwritten signature in purple ink, appearing to read 'C. Amarena', with a horizontal line underneath.

Carmelo S. Amarena
