To whom it may concern

Re: Change of model name T4-9 to D-9.

Widex Hearing aid model T4-9 has changed model name to D-9.

Widex A/S hereby declares that the Widex hearing aid models

T4-9

D-9

are identical concerning all technical aspects.

The only difference between the 2 models is change of model name on product nameplate, packaging material and associated documentation.

Sincerely

Widex A/S
