FCC Labeling of Widex model D-XP

FCC ID: TTY-DXP

To Whom It May Concern:

The dimensions of the hearing aid are too small to allow the FCC ID to be printed on the device in a font size that is readable. Consequently, the FCC ID is printed in the user instructions together with the FCC regulatory statements.

Justification is provided by the photograph below that show the D-XP together with a printout of the FCC ID in font size 4 point that is the minimum readable font size as defined in FCC OET Labelling Guidelines.

Thank you for your attention to this matter.

Sincerely,

Widex A/S

A handwritten signature in blue ink, which appears to read "Hans-Otto Bindeballe".
