To whom it may concern,

LG-Ericsson USA, Inc. hereby declares that the LG-Ericsson PCI-1020 Wireless 802.11n PCI Adapter will be professionally installed with the Laird Technologies TRA24003 3dBi antenna with N-type connector. When installed with the TRA24003 antenna, the LG-Ericsson PCI-1020 is specifically intended for use by March Networks to integrate with their high definition video surveillance equipment in the financial, transportation, and government-education sectors. March Networks is a customer of LG-Ericsson USA, Inc., and is a professional system integrator for high definition video surveillance installations. You may visit March Networks' website (<http://www.marchnetworks.com/>) for more details of the types of installations they provide.

The integration of PCI-1020 with March Networks' video surveillance equipment is only installed by trained, professional technicians who are authorized and trained to install and maintain such equipment. In addition, no other end user will be able to purchase the TRA24003 antenna by themselves for such type of installation. In this way we assure that the Laird Technologies TRA24003 antenna will only be professionally installed with our product PCI-1020.

Sincerely yours,

Peggie Lee

Product Manager
