Attn: OET Dept.

Ref: FCC Class II Permissive change for FCC ID: TV7LHG5ACD

Applicant: Mikrotikls SIA

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: TV7LHG5ACD originally granted on 10/27/2017 (date).

We MikroTik, want to modify the authorized equipment for below changes:

- U-NII-2A, U-NII-2C bands and DFS master functions are enabled by embedded software

Except for the changes above, no other modification is performed. The device stays electrically identical to original authorization. Also, the change does not have any impact on the approved radio parameter such as power, frequency range, modulation etc.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,  
Edmunds Zvegincevs  
Compliance Engineer at MikroTik

A handwritten signature in blue ink, appearing to read "Edmunds Zvegincevs", is written over a faint, circular blue stamp.
