This guide describes how to set up your phone and provides a brief overview of its features. Start by configuring an extension in the phone system. Refer to the FortiVoice Administration Guide for information about configuring an extension.

For further details about your phone, please see the FON-x80/x80B Series User Guide.

The following items are included in the box:

Quick Start Guide

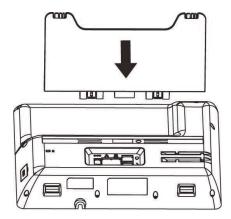

Handset

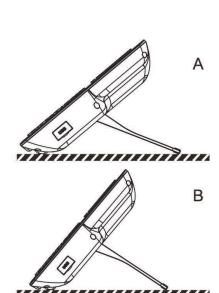

Handset Cord

Attaching the stand

- 1. Line the posts on the top of the base with the holes on the back of the phone, depending on the level of tilt you prefer.
- 2. Push the stand into place until secure.

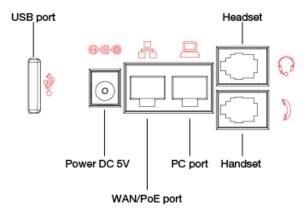

- 1. Connect the handset cord to the handset) jack on the phone.
- 2. Optionally, connect an amplified headset to the pack.
- 3. Connect the WAN port $\frac{1}{100}$ to the network with the provided Ethernet cable.
- 4. Optionally, connect your desktop PC to the PC port with an Ethernet cable (not supplied).
- If the network supports PoE, a power adapter is not required. The phone requires a DC 48V 0.3A PoE connection. If PoE is not supported on the network, connect a DC 5V 2A power adapter to the power jack.

Setting up the phone

For use as an internal extension

The phone supports plug and play installation and will automatically download its configuration from the FortiVoice system. The phone will display the extension number and name when it has registered.

For use as an external extension

The phone can be used outside of the FortiVoice location as an external extension. Manually configure the phone to contact the Provisioning Server (the FortiVoice unit) and obtain the registration information:

- 1. On the phone, press the Menu button.
- Select Setting > Provisioning.
- 3. Enter the password as 23646.
- 4. Select FortiVoice Server.
- 5. Enter the public IP address or the FQDN of the FortiVoice unit.
- 6. Press OK.

For use as a cloud extension

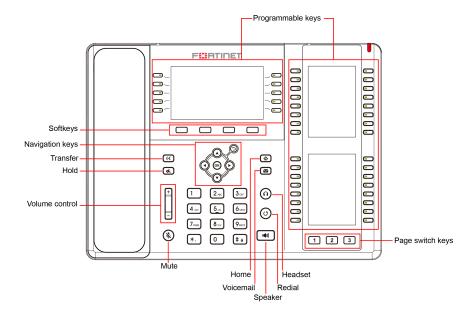

The phone can be used with the FortiVoice Cloud service as an extention. Manually configure the phone to register with the service:

- 1. On the phone, press the Menu button.
- 2. Select Cloud.
- 3. Enter the Cloud ID and press OK.
- 4. Enter the Extension No. and press OK.
- 5. Enter the Cloud PIN and select Submit.

Softkey	Function
History	Accesses the call history stored on the phone.
Contact	Accesses the contacts stored on the phone.
DND	Toggles Do Not Disturb on and off.
Menu	Accesses the phone menu.

Button	Function
000	Navigation keys — used to navigate items within the History/Contact/Menu.
ok	Hold — places and retrieves calls on hold.
('+('	Transfer — transfers calls to another extension or outside line.
± -	Volume control — adjusts the volume of the handset/headset/speaker.
\$	Mute — toggles the microphone on and off.
⋄	Home/Menu — accesses the menu of the phone where settings, features and phone information is available. When in Menu, press to return to the idle screen.
	Voicemail — accesses voicemail.
O	Redial — places a call to the last number dialed.
\mathbf{O}	Headset — toggles the headset on and off.
(1))	Speakerphone — toggles the speaker on and off.
	Programmable keys — can be configured for a variety of functions such as appearances for extensions/park/lines. Consult the FortiVoice Administration Guide for more information on programmable keys.

Troubleshooting

Symptom	Corrective Action
Display is blank	Confirm the phone's power source. 1. If you are using Power over Ethernet (PoE): • Ensure your Ethernet cable is plugged into the WAN port on the back of your phone. • Ensure the PoE switch is properly configured. If it still doesn't work, replace the Ethernet cable. 2. If you are using the power adapter: • Ensure it is plugged in. If it still doesn't work, replace the power adapter.
Phone is not receiving a DHCP IP Address	 The DHCP server is not responding. Ensure your DHCP server is online. This is typically your router. Reboot the router or DHCP server. If you are still experiencing issues, the phone may require advanced network configuration. Please contact your administrator or refer to the FON-x80/x80B Series User Guide.
No name and extension number is displayed	 Your phone is not registered. On the <i>Extensions</i> page of the FortiVoice interface, ensure the MAC address is correctly entered and the <i>Phone Type</i> is <i>FON-580</i>. Save your configuration and reboot the phone. If you phone is configured as an external extension, ensure the <i>Server Address</i> is correct. To verify, see "For use as an external extension". If your phone is configured as an external extension, check the network connection and firewall settings at the FortiVoice location.
No audio during a call	 Check the handset/headset connections. Make sure the phone is properly registered with the FortiVoice unit. If your phone is configured as an external extension, check the network connection and firewall settings at the FortiVoice location.

Environmental specifications

Ambient operating temperature: 0°C to 45°C

Refer to specific Product Model Data Sheet for Environmental Specifications (Operating Temperature, Storage Temperature, Humidity, and Altitude).

Référez à la Fiche Technique de ce produit pour les caractéristiques environnementales (température de fonctionnement, température de stockage, humidité et altitude).

Safety

Caution: This equipment is to be used in a Network Environment 0 per IECTR 62101. This product is connected only to PoE networks without routing to the outside plant.

Attention : Ce matériel doit être utilisé dans un Environnement Réseau 0 par IECTR 62101. Ce produit est uniquement connecté aux réseaux PoE sans installation externe de routage.

This product is intended to be supplied by a Listed Direct Plug-In Power Unit marked LPS or Class 2 and rated 5 Vdc, 2 A or by 48 Vdc from PoE source.

Le produit doit être alimenté par un bloc d'alimentation à courant continu homologué UL de 5 Vdc, 2 A nominal marqué LPS ou Class 2 ou par une source d'alimentation par Ethernet de 48 Vdc (PoE).

This product should be mounted at a height of less than 2 meters.

Ce produit doit être monté à une hauteur de moins de 2 mètres.

E911 and use with multi-line telephone systems

Please note the use and operation of this phone as part of a multi-line telephone system (MLTS) may be subject to state and/or federal E911 MLTS laws that require the MLTS to provide a caller's telephone number, extension, and physical location to applicable state and/or local emergency services when a caller initiates a 911 call. The MLTS may not provide a caller's telephone number, extension, or physical location information to emergency services when a caller dials 911, and compliance with state and/or federal E911 MLTS laws is the sole responsibility of the purchaser of this phone.

Privacy

This phone implements security and encryption technologies. However, privacy of communications may not be ensured when using this telephone.

Regulatory Compliance

Federal Communication Commission (FCC) - USA

This device complies with Part 15 of FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received; including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if it is not installed and used in accordance with the instruction manual, it may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This equipment complies with Part 68 of the FCC rules and the requirements adopted by the ACTA. On the bottom of this equipment is a label that contains, among other information, a product identifier in the format US: FTNIPNANFON580B. If requested, this number must be provided to the telephone company.

Innovation, Science and Economic Development (ISED) — Canada

This product meets the applicable Innovation, Science and Economic Development Canada technical specifications.

Le présent produit est conforme aux spécifications techniques applicables d'Innovation, Sciences et Développement économique Canada.

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) L'appareil ne doit pas produire de brouillage;
- 2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20cm between the radiator and your body.

Cet équipement est conforme aux limites d'exposition aux rayonnements ISED établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20cm de distance entre la source de rayonnement et votre corps.

This device and it's antennas(s) must not be co-located or operating in conjunction with any other antenna or transmitter except in accordance with IC multi-transmitter product procedures.

Cet appareil et son antenne (s) ne doit pas être co-localisés ou fonctionnement en association avec une autre antenne ou transmetteur.

European Conformity (CE) - EU

This is a Class B product. In a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.

The product transmits within the frequency ranges and less than or equal to the power listed below:

2402-2480 MHz less than 20dBm

This equipment should be installed and operated with minimum distance of 20cm between the radiator and vour body.

Simplified EU Declaration of Conformity

This declaration is only valid for Fortinet products (including combinations of software, firmware and hardware) provided by Fortinet or Fortinet's authorized partners to the end-customer directly for use within the EU or countries that have implemented the EU Directives and/or spectrum regulation. Any Fortinet products not obtained directly from Fortinet or Fortinet's authorized partners may not comply with EU Directives and Fortinet makes no assurances for such products.
