

# Host Platform Information and Labeling

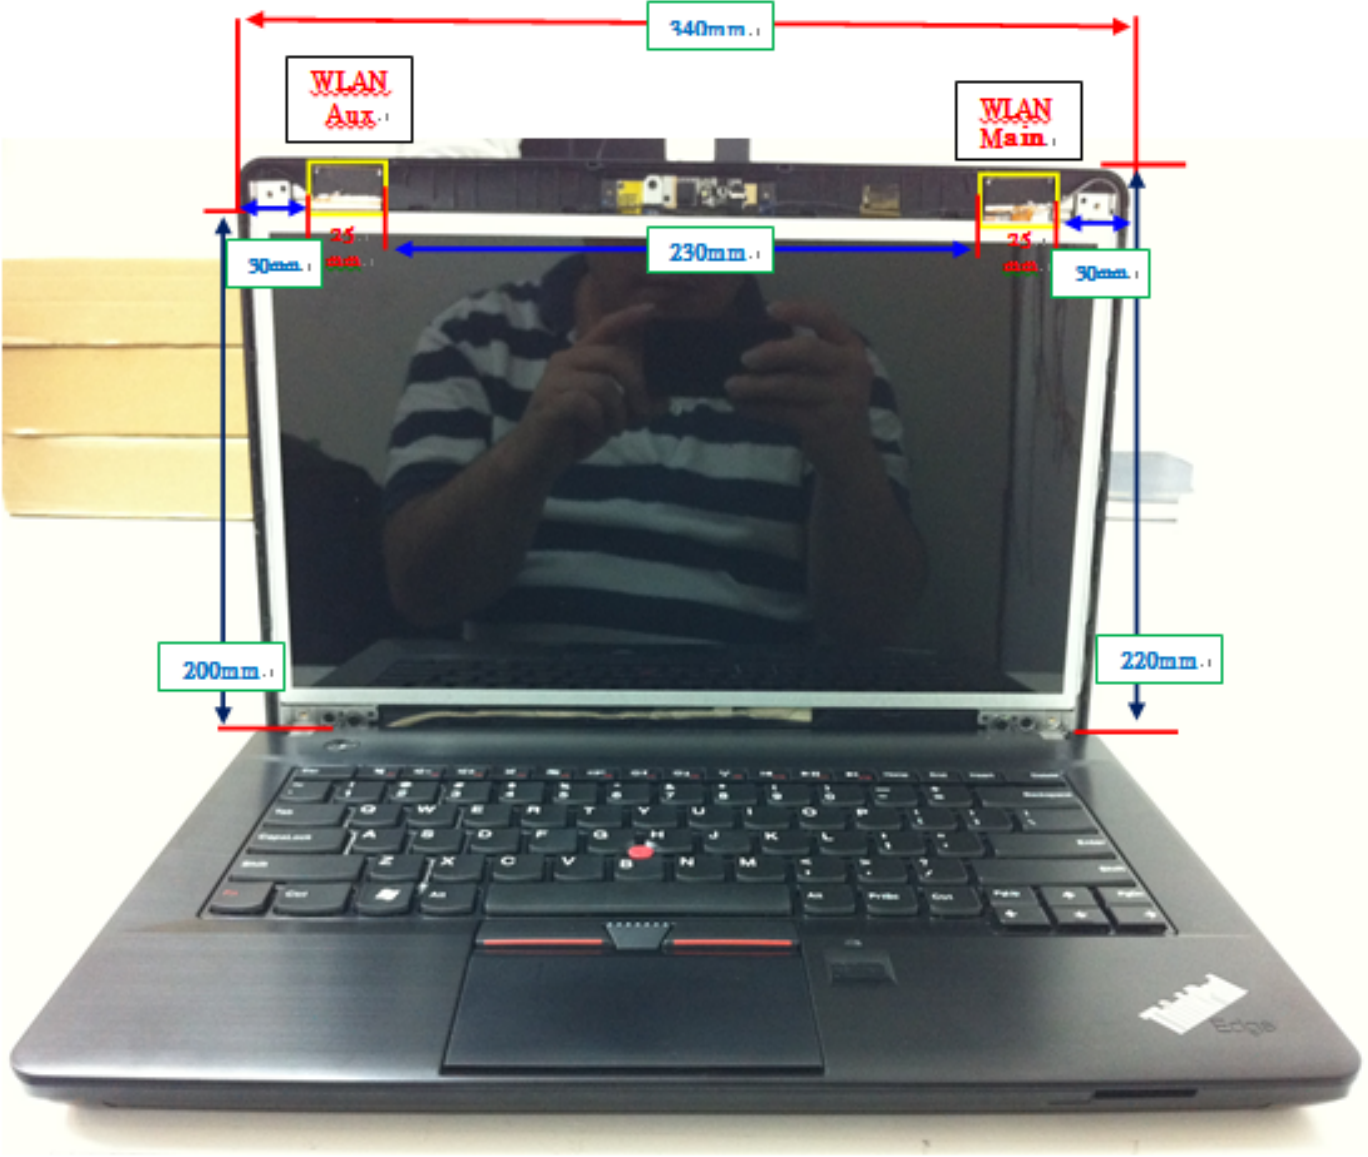

## FCC ID and IC Certification number label

There is no FCC ID or IC Certification number for the PCI Express Mini Card shown on the enclosure of your computer. The FCC ID and IC Certification number label is affixed on the card installed in the PCI Express Mini Card slot of your computer.

# Antenna Host Platform Location Information

## Antenna dimensional information for SAR evaluation

Refer to the upper “Antenna Host Platform Location Information”, the distance of Antenna-to-user (base) is 200mm, so the platform is not subjected to SAR.
