American Certification Body, Inc.
6731 Whittier Avenue
Suite C110
McLean, VA 22101

To Whom It May Concern:

Please review the application for Class 2 Permissive Change for FCCID: T2X-RTL8192CE. Based on the attached RF Exposure / SAR Report, Realtek would like to remove the 20cm restriction of separation distance from the end-user.

The goal is allow collocation of this module with the end user in a netbook computer platform with a separation distance of 136 mm or greater.

Simultaneous transmission with the GSM module is not allowed.

Thank you,

A handwritten signature in blue ink, appearing to read 'David Schramm'.
