

Description of Permissive Change

This report is prepared for FCC class II permissive change. Difference compared with the original report are listed as below.

ITEM	CLASS II CHANGE DESCRIPTION
1	Modify RF architecture that includes receiver components value and RF components location in layout to have better receive blocking performance.
2	Modify power plan that use single regulator to save PCB space in layout.
3	Add one Monopole antenna.
4	Two designs of EUT. With or without metal shielding case on rear side.
