Re: TY7210-0137-0001

We respectfully request that the following documents be withdrawn from our Application for Equipment Authorization FCC Submittal.

- Installation Instructions – CT AMR Meter
- Focus Technical Manual

We are submitting an amended version of the *Operation and Installation Instruction – CT AMR Meter* which covers the necessary information from the two documents listed above. Therefore, these documents are no longer relevant to our submittal.

Sincerely,

Jim Mollenkopf
