TO WHOM IT MAY CONCERN

**CONFIRMATION LETTER**

**We certify that**

The added models SDL485BK and SDL485W are identical with original model SDL366 in RF circuitry, only different on audio amplifier IC and keyboard location.

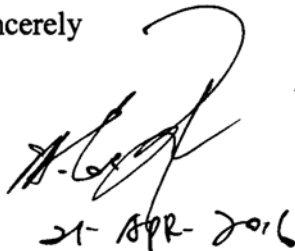

The updated model SDL366 is identical with original model SDL366 in RF circuitry, only different on output rating of adapter, audio amplifier IC and rated power of speaker.

The model SDL485BK is totally the same with the model SDL485W, only different on model No. and cabinet of color.

The added models SDL485BK and SDL485W are identical with the updated model SDL366 in RF circuitry, only different on output rating of adapter, rated power of speaker and keyboard location.

| Model No.            | Adapter     | Audio amplifier IC | Speaker  |
|----------------------|-------------|--------------------|----------|
| SDL366 (Original)    | DC 9V 1.3A  | CS8508E            | 4ohm 5W  |
| SDL366 (Updated)     | DC 12V 1.5A | CS8622E            | 4ohm 10W |
| SDL485BK;<br>SDL485W | DC 9V 1.3A  | CS8622E            | 4ohm 5W  |

Sincerely

21 APR 2016
