Re: WiQuest Communications, Inc. FCC Class II Permissive Change Application
FCC ID: TZQWQ110HMC

To Whom It May Concern:

The intent of this letter is to request a Class II Permissive change for FCC ID: TZQWQ110HMC, originally granted on 6/4/2008.

The change filed under this Class II application is the addition of a new Manufacturer that has slightly modified the digital portion and power supply layout of the WiQuest Half Mini Card (HMC) Module.

The above change does not impact the PCB dimensions, in-band (3.1-4.8GHz) and out-of-band Transmitter Emissions of the WiQuest HMC Module.

No other changes have been made to the Transmitter Module.

Sincerely,

Jovica Jovanovski
